### **Children's Requests:**

- Same swings but repainted
- I want the same swings that we have or at least the same height
- The little zipline thingy fixed
- Bigger Slide
- Soccer Space
- New trees planted on the side of the park

- Drinking fountain
- Dog water bowl refiller
- If they were to repaint: pretty lighter colors so it reflects the sun (see drawing for suggested colors)
- Rolly slide
- Drinking Fountain with water bottle filler and dog bowl filler
- Maybe a full size goal?
- One of those slides made of rolling cylinders like in Tiguex or Alvarado Park, to replace the two blue little sides
- New trees around the outside to replace the ones they cut down
- Taller monkey bars, taller platforms so that little people can reach it but tall people's feet don't touch the ground
- Same tall swings!!!!
- Fix the zipline thing, it doesn't work
- I would like the two blue slides to be replaced with those rolling cylinder slides
- Taller monkey bars so that tall people don't have to touch the ground
